Fassade	Largo Swisspearl Carat Anthracite 7025
Standort	Quadra Island, Canada
Fotograf	James Dow Photography, Edmonton, L-V-COUNTRY-CA
Gebäudeart	Residential

On a wild coastal stretch of Canada's Quadra Island, Patkau Architects have built an extraordinary single family house that blends into the island's natural environment while at the same time perfectly showcasing its rough beauty. The sea and its tidal impacts served as inspiration for the carefully designed layout and shape of the structure.
