SWISSPEARL

The total area of the three- to four-story business center in Kaunas, Lithuania, is approximately 5,300 square meters, the bulk of which is available for rental. Modern heating, cooling, and ventilation systems installed in the business center ensure a high level of comfort for employees and visitors of the center, which accommodates 400 workstations. Furthermore, a relaxation zone with benches and green spaces is provided in the inner courtyard.
