SWISSPEARL

The total area of the three- to four-story business centre in Kaunas, Lithuania, is approximately 5,300 square metres, the bulk of which is available for rental. Modern heating, cooling, and ventilation systems installed in the business centre ensure a high level of comfort for employees and visitors of the centre, which accommodates 400 workstations. Furthermore, a relaxation zone with benches and green spaces is provided in the inner courtyard.
