

NORDIC SCHOOL TRIP

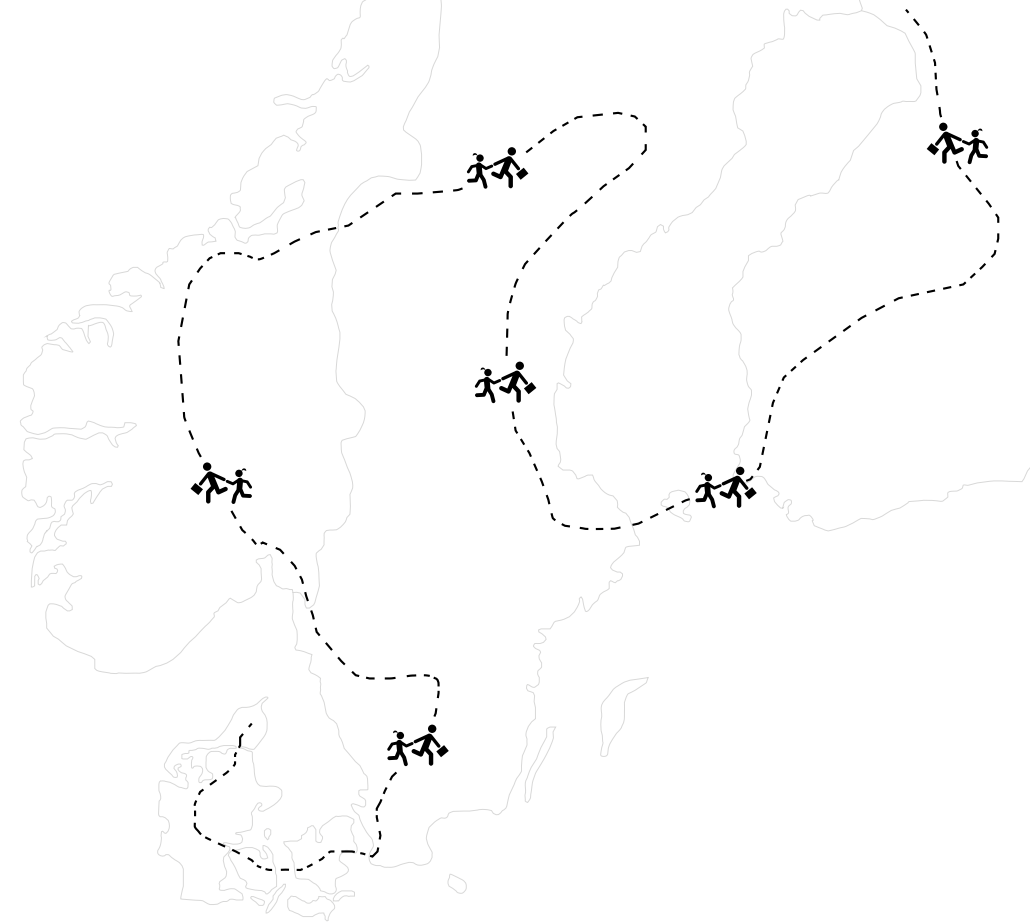

Scandinavian inspiration with love,
from

SWISSPEARL

Build beautiful schools that stand the test of time and harsh Scandinavian weather. Build colourful schools that inspire the creative and learning minds that roam the halls.

Build durable schools that embrace cheery and carefree playtime. Experience the countless opportunities to create and renovate with long-lasting and maintenance-free fibre cement products.

Talvikankaan koulu, Finland

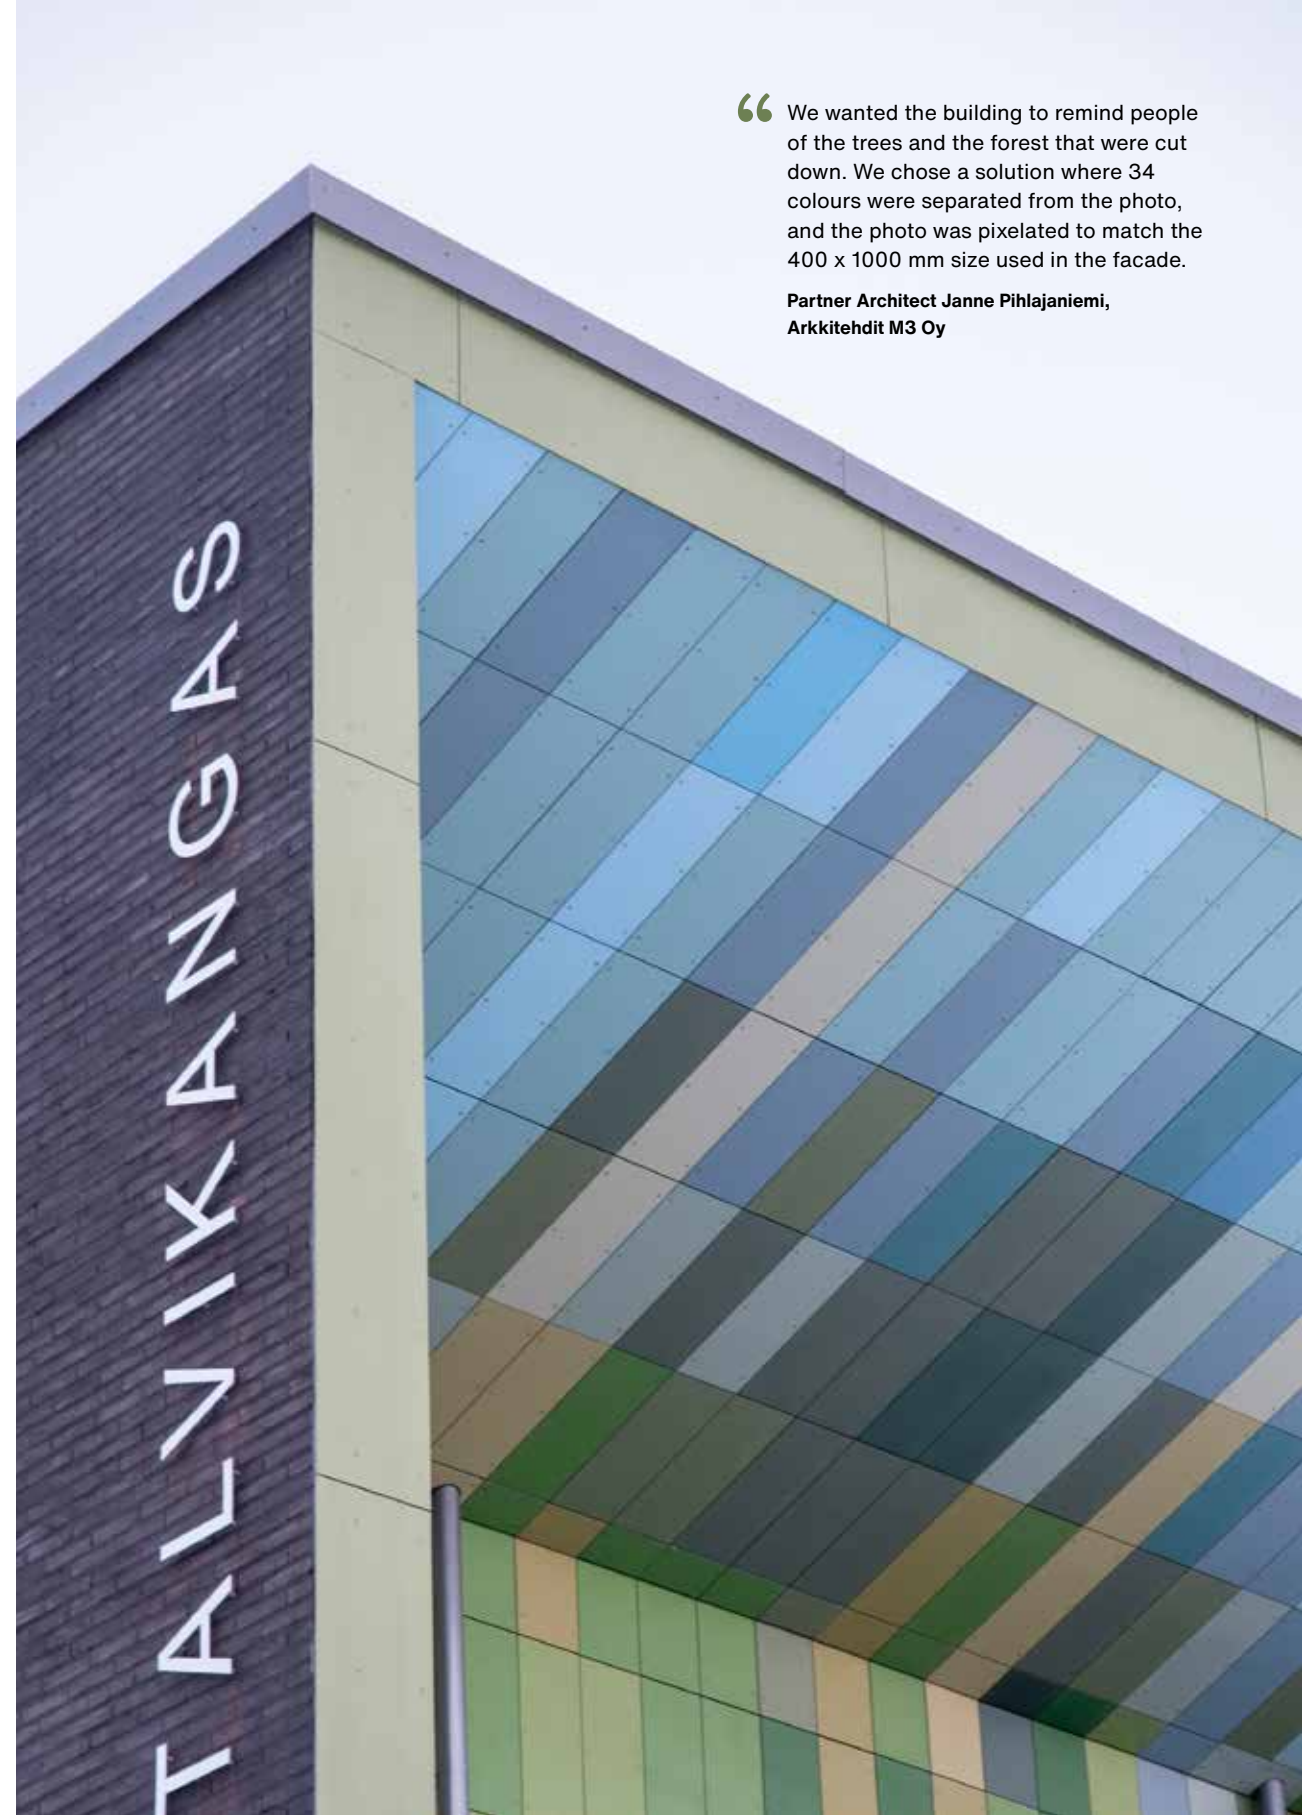

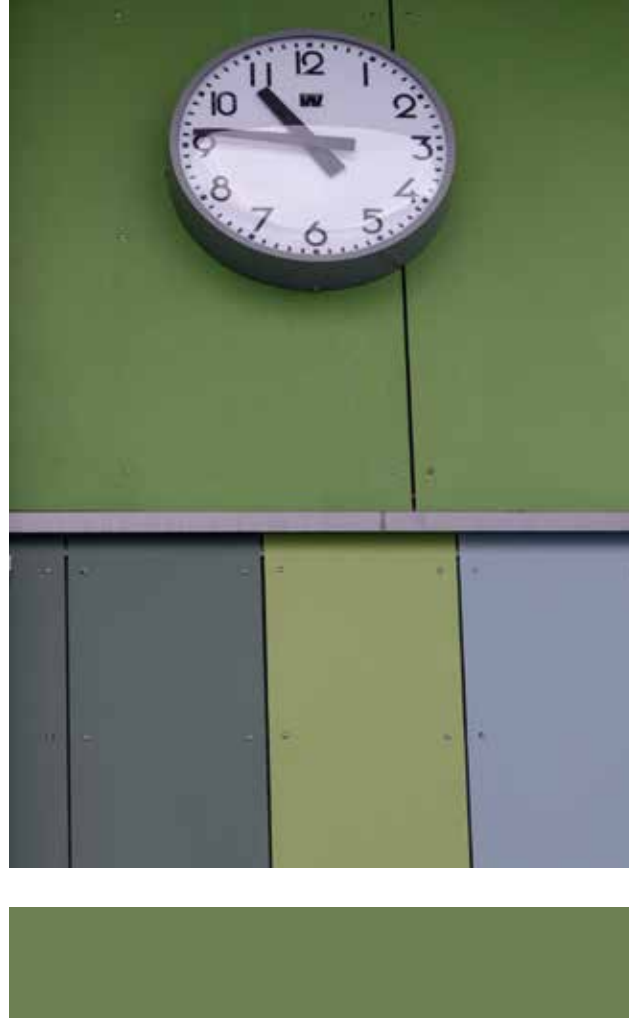

Architect: Arkkitehdit M3 Oy

Type: Primary school

Year: 2016

Product: Cembrit Cover (discontinued)

Equivalent product: Planea

“ We wanted the building to remind people of the trees and the forest that were cut down. We chose a solution where 34 colours were separated from the photo, and the photo was pixelated to match the 400 x 1000 mm size used in the facade.

Partner Architect Janne Pihlajaniemi,
Arkkitehdit M3 Oy

Stormarkskolen, Nakskov Denmark

Architect: Holm & Grut A/S

Type: Primary school

Year: 2014

Product: Cembrit Transparent T 171 (discontinued)

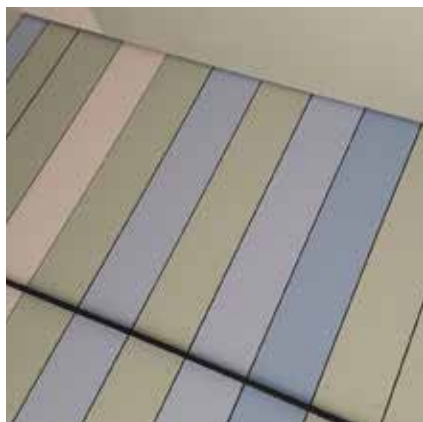

Equivalent product: Carat

“ We divided the facade into different widths and colors which creates a vivid variation. The boards themselves are very easy to work with, which made the installation smooth.

**Architect Dan Johansson,
Norconsult AB**

Förskolan Granen, Norsborg Sweden

Architect: Norconsult AB

Type: Kindergarten

Year: 2016

Product: Cembit Solid S 282, S 606, S 747, S 757

P 020, P 626. Cembrit Cover C 450,
C 570, C 760 (discontinued).

Cembrit Solid S 757

Equivalent products: Planea & Zenor

“ We were inspired by the red 60's tile and wanted to create a connection to it through the pixelation, the color scale and the subtle pattern. With two red shades and different textures, the facade becomes more alive from the shifts of light throughout the year.

Architect Pilvi Vanamo,
Lönnqvist & Vanamo Architects AB

Bredbynskolan, Örnsköldsvik Sweden

Architect: Tecnicon Byggkonsult AB /

Lönnqvist & Vanamo Architects AB

Architect: Arkkitehtitoimisto Lahdelma & Mahlamäki Oy

Type: Community centre

Year: 2014

Product: Cembrit Cover (discontinued)

Equivalent product: Planea

“ We decided to give the large community centre a village-like shape that resembles a flower, where each petal house has a different unit. The building consists of four main elements connected by a shared entrance hall.

Architect Petri Saarelainen,
Arkkitehtitoimisto Lahdelma & Mahlamäki Oy

Bakke skole, Kløfta Norway

Architect: Sweco, Romedal

Type: Primary school

Year: 2012

Product: Cembrit Cover C 040, C 160, C 360,
C 450, C 630, C 730 (discontinued).

Cembrit Solid S 525, S 757

Equivalent products: Planea & Zenor

“ The facade consists of fiber cement boards in two green shades that form a braid pattern that turns from light to dark on the long sides of the building to create a varied and vibrant facade which at the same time gives a cohesive impression. The braiding should connect to nature as a theme, something that the preschool itself had as a wish.

Head of Office **Tove Svensson,**
Liljewall arkitekter

Förskolan Sandslottet, Sköndal Sweden

Architect: Liljewall arkitekter
Type: Kindergarten
Year: 2018
Product: Cembrit Solid S 656, S 676
Equivalent product: Zenor

“ The installation team was familiar with the board, which helped to ensure installation free of hitches.

Year: 2012

Product: Cembrit Cover in three different
customised green colours (discontinued)

Equivalent product: Planea

“ The colour creates a whole at a distance and variation up close while connecting the building to the surrounding nature. Buildings have a signal value and it is important for children that a kindergarten building has a clear identity and is allowed to attract attention and add identity to its surroundings.

CEO and Architect Ludvig Witte,
Witte Sundell

Vollebekk Skole Norway

Architect: L2 Arkitekter AS

Type: Primary school

Year: 2016

with CNS pattern. Cembrit Cover in
customised colour (discontinued)
Equivalent product: Planea

“ The dandelions symbolise that this is a place where children can grow and bloom. Dandelions can grow everywhere even in the toughest places and in kindergartens they are given all the conditions to be able to start growing. I wanted a colour that would give joy but also work with the rewarding existing materials.

Head of Office and Architect Anette Eriksson,
Carlstedt Arkitekter

Glavsfordens Förskola, Årsta Sweden

Architect: Niras Arkitekter

Type: Kindergarten

Year: 2019
