

Nordic Feel

Scandinavian inspiration with love,
from

SWISSPEARL

Scandinavian architecture is marked by a focus on clean, simple lines, minimalism, and functionality without sacrificing beauty.

In this book we want to share some of our references mixing modern techniques and vernacular aesthetics to create spaces perfectly tuned for inhabitants who crave more than what meets the eye.

And of course with a little touch of Danish "hygge".

Hope you enjoy!

Yes, we create first class fibre-cement products.

But we're much more than that.

What we do, we do for people. For the architects, builders and construction professionals who work with our products to bring their imagination to life. And for those who live with and enjoy the final result – a beautifully designed home or a convenient office space.

We are always ready to share our know-how to help you achieve more in every aspect of your particular projects.

If you've enjoyed what you've seen in this book, feel free to explore more inspiration.
