

Apartment Building Jelling

Vejle, Denmark

Location	Jellingevej 34, 7100 Vejle
Photographer	Fotograferne Nibe, Nibe, Denmark
Type of Building	Residential

SWISSPEARL

The apartment building, located in Vejle close to the city center, stands out from the surrounding townhouses. The apartments are situated on a hill and therefore enjoy the unique views of Vejle city, the iconic building Bølgen (The Wave), and the fjord. The apartment complex towers above the neighboring houses and stands out in both style and form. The area is characterized by classic brick houses, which makes the fiber cement-clad tower stand out in the landscape. The complex is clad in black and sand-colored Swisspearl facade panels, creating an elegant and contrasting expression.
