In the vibrant Bernadowska district of Gdynia, modern family apartments are redefining the contemporary lifestyle. With elegant architecture and a carefully considered design, these residences offer a harmonious blend of comfort and sophistication. The facade, adorned with Swisspearl Patina P070 fibre cement panels in largo and modula formats, installed using adhesive, enhances not only the visual appeal but also the durability and sustainability of the buildings.

Each apartment is meticulously crafted to maximize space and functionality, meeting the diverse needs of today's families. With convenient access to local amenities and the lively community atmosphere, the apartments embody the essence of urban living in a dynamic city like Gdynia, promising residents a lifestyle rich in convenience, comfort, and style.

Please note that this Reference project features Patina products. However, since the colour range for Patina NXT is the same, this reference also provides a general impression of the look and feel of a Patina NXT project.
